MEMORANDUM FOR: Director of Personnel  
FROM: Deputy Director of Central Intelligence  
SUBJECT: Field Recruiters

The Director asked me today how we are doing with the recruitment program. As you have probably heard from [redacted], the Director wants to meet with the recruiters when we bring them into town, not to talk to them from a forum, but to mingle with them. He also inquired about the status of the field recruiter reduction program and how we are doing. I didn't have any information for him.
